

MIDE UC of Pontificia Universidad Católica de Chile, **seeks Associate Researcher**

MIDE UC (<http://www.mideuc.cl/english/index.php>) is a non-profit research, development, and service center geared to measurement and evaluation applied to various fields, such as education, organizations and society. The center is affiliated with the School of Psychology of the Pontificia Universidad Católica de Chile, Santiago, Chile. MIDE UC provides specialized solutions to needs and problems in measurement and evaluation, whether on its own behalf or commissioned by other organizations –such as government, companies, universities, and educational establishments. To this end, the center houses a team of specialized researchers and professionals who are capable of developing and applying high-quality measurement instruments in line with the technical standards and ethical norms that govern applied measurement and evaluation on an international level.

As a university center, MIDE UC conducts basic and applied research in measurement and evaluation, as well as training and diffusion activities that target those who are involved in developing, applying and/or interpreting the results of measurement instruments.

Job title:	Researcher; academic staff associated with the School of Psychology at the P. Universidad Católica de Chile.
Expectations:	The applicant must hold a doctorate, preferably obtained in a renowned university outside of Chile, in the social sciences, education, economics, statistics or other relevant field, and must be able to show a solid academic background in measurement and evaluation.
Job description:	The researcher will be part of MIDE UC Research Department and will be associated to one of MIDE UC's project areas: "Education," "Organizations," or "Society" (for more information see www.mideuc.cl). We expect the researcher to pursue his/her own research agenda related to MIDE UC's topics of interest and project activity, that he/she obtains external research funding, and that he/she is available and motivated to get involved in teaching.
Status & hours worked:	Full time, 44h per week (subject to negotiation down to half-time)
Location:	P. Universidad Católica de Chile, Santiago, Chile, Campus San Joaquín, Edificio MIDE UC
Application deadline:	November 30, 2009
Application materials:	Motivation letter (max. 1 page), Curriculum vitae, publication list (separate), two representative publications, copy of Doctorate certificate.
Contact information:	Send application materials and inquiries to: Anita Vargas, anita@uc.cl
